

# Seaside Rock Trail 3 - Green End Road, St Judith's Field and Middlefield Road, via some narrow ways and some wide ones.

Total walking distance: approximately 2.3km. This is the longest of our treasure trails so may take a little longer than the others, but it is worth it for the view from the top of St Judith's Field.

Start anywhere you like on the trail. All of the answers are clearly visible from the trail and you don't need to enter any private property or cross any roads unless specifically mentioned in the instructions. If there has been rain recently, make sure you wear suitable wet-weather shoes as this walk could be a little muddy.

On your way around, look out for some large Seaside Rock logos like the one below (not counting any that are on a poster for the Holiday Club). There are 2 to find and you will be able to enter their locations in the final question. You will need to enter the numbers of the houses where you see them to get the points, so make a careful note.
